Product Change Notification

PCN Publish Date: 12/29/2008

PCN#: 317

Change Title: Marking Specifications on Fox Datasheets

Products Affected: All Fox products

Description of Change to the Customer: Remove marking specifications from the Fox website.

Counterfeit products have become a large problem in the electronics industry. Illegitimate, substandard product is being passed off as authentic, resulting in many quality issues for manufacturers.

Counterfeiters often copy a suppliers marking from the suppliers datasheet onto the counterfeit products to pass them off as authentic. In an effort to impede this practice, we are removing datasheet marking specs and the part marking guide from our website.

In addition, we recommend all customers only purchase Fox products from authorized Fox distributors.

Schedule of Change: Change is effective immediately.

Customer Impact and Response: We sincerely hope this change will have minimal impact on our customers. If you have any questions, or need information on Fox product marking, please email Fox Technical Support at www.foxonline.com/email.htm or call 239-693-0099.
