## Product Change Notification

**PCN Publish Date:** 01/14/2010

**PCN#:** 340

**Change Title:** 3.2x2.5mm package carrier tape color change

**Product Series Affected:** All 3.2x2.5mm SMD products  
CRYSTALS) FXA3225B, FX325BS, FQ3225B, FXA3225BG  
OSCILLATORS) FXO-LC32, FXO-LC33, FXO-HC32, FXO-HC33, F300, F310, F340,  
F340A, F330, F330A, F337, F339, F32K  
TCXO / VCTCXO) FOX923, FOX923GP, FOX923CH

**Description of Change to the Customer:** To insure a reliable supply chain, Fox production facilities for the 3.2x2.5 SMD products will be using carrier tape provided from multiple locations. Tape from some of these locations will be clear instead of the current black color. A drawing showing the current black tape and the alternative clear tape is attached on the following page.

Future orders may be shipped in either black or clear tape.

Other than color change, there is no change in tape properties, including ESD protection and ROHS compliance. Both tapes meet the ANSI/EIA-481 Standard.

**Schedule of Change:** Change is effective immediately.

**Customer Impact and Response:** We sincerely hope this change will have minimal impact on our customers. If you have any questions, please email Fox Technical Support at [www.foxonline.com/email.htm](http://www.foxonline.com/email.htm) or call 239-693-0099.

Before[ Black ]

After[ White ]
